

HOLE SAW CUTTING MACHINE

MODEL: WISELO 115

PRODUCT OVERVIEW

The Travaza WISELO 115 Hole Saw Cutting Machine is a powerful and reliable pipe drilling solution designed for precise hole cutting on installed pipelines. Built for professional use, the machine delivers stable drilling performance with strong clamping capability for a wide range of pipe sizes.

Equipped with a high-performance motor, the WISELO 115 provides consistent and durability for demanding applications in plumbing, mechanical installations and industrial pipeline work.

KEY FEATURES

- ▶ Powerful 1100W motor for reliable drilling performance
- ▶ Stable hole saw cutting system for pipes
- ▶ Adjustable pipe clamping mechanism
- ▶ Overload protection for safe operation
- ▶ Durable construction for professional use
- ▶ Compact and portable design
- ▶ Easy On / Off switch control
- ▶ Wide pipe clamping range for multiple pipe sizes

APPLICATIONS

- ▶ Pipe drilling
- ▶ Plumbing installation
- ▶ Mechanical pipe systems
- ▶ Industrial pipelines
- ▶ Maintenance and repair work

STANDARD ACCESSORIES

- ▶ 16 mm (5/8) Drill Chuck with Key
- ▶ Crank Handle
- ▶ Collapsible Top Handle
- ▶ Plastic Carry Case

TECHNICAL SPECIFICATIONS

Model:	WISELO 115
Voltage	230V 50/60Hz
Power Input	1100 Watt
No load r.p.m.	130
Drill Chuck	1mm - 16mm
Pipe Clamping	32mm - 203mm or 32mm - 600mm
Hole Cutting	115mm
Overload	Yes
Switch.	On/Off
Power Supply Cord:	H0QVVF.1.0X3CX2.5m VDE Plug Carton
Standards:	CE, CB
